Vibrant Hawai'i is...

A growing community that commits to individual and collective **'AUAMO KULEANA** to increase equitable opportunities to build wealth: an abundant reservoir of human, social, natural, and financial capital that we contribute and draw upon.

Our kuleana is to...

Convene conversations so that **ALL WA'A TRAVEL TOWARD A COMMON GOAL**, build community awareness, will, and action from foundation of our shared values, **SHIFT DEFICIT NARRATIVES**, systems, and policy that perpetuate poverty and inequality, and implement strategies that are developed and resourced by the community and reflect **NATIVE INTELLIGENCE**.

We value equity and belonging,

And we demonstrate this by **BEING WILLING TO LET GO OF ASSUMPTIONS** and biases about each other, speaking up when we recognize barriers that prevent us from participating, prospering, and reaching our full potential, promoting full-family engagement and participation, and raising our own and our collective belief that wealth, abundance, and prosperity is not a pie. **MORE FOR OTHERS DOES NOT MEAN LESS FOR OURSELVES.**

We value aloha,

And we demonstrate this by acknowledging that aloha is unique to Hawai'i. **IT IS FROM THIS PLACE.** By valuing aloha, we value the vast and unique genius of the people of Hawai'i and we prioritize the knowledge, skills, and solutions of its people, recognizing that **ALOHA IS AN ACTION** modeled to us by our environment, and **WE VALIDATE ITS ALOHA THROUGH ALOHA 'ĀINA,** and our willingness to suffer a little so that no one has to suffer a lot.

We value 'auamo kuleana,

And we demonstrate this by a commitment to empowerment rooted in our belief that everyone has skills and abilities but need circumstances and opportunities to express them, promoting language that recognizes a person's abilities, and **SHARED OWNERSHIP AND ACCOUNTABILITY** if any one of us stumbles, we all fall because **WE ARE ALL CONNECTED.**

We value flexibility and learning that

Leads to transformation and we demonstrate this by being honest without shame, when we don't know, being courageous, adaptive leaders, even when it calls for difficult conversations and even when our outcomes look like failure, **DEMONSTRATING AHONUI AND HA'AHA'A**, as we hold tension to achieve change, and **PRACTICING MAKAWALU** and acknowledging that we each hold one piece that is a part of something bigger.
